Di Tran + **BUSINESS**
TRUE TALENT DEVELOPMENT

Put Your Dollars Where Your Home Is

The Louisville Independent Business Alliance is proud to bring our members together for you in our 2023 *Buy Local Guide*. These businesses are unique enterprises with deep roots in this community. They also keep more of your dollars recirculating right here where we all live. Independent, locally-owned businesses are essential to a vital local economy and Louisville's community character. They're owned by our friends and neighbors, or maybe even by you.

Independent businesses are the backbone of local economies, civic life, local charities, and wealth creation for millions of citizens, as well as a training ground for future generations of entrepreneurs. When you shift your spending to more local independents, you keep the home fires burning: \$55 of every \$100 spent stays right here (only \$14 with a chain and practically nothing with a mega online retailer). So think of yourself as a member of the community, rather than merely a consumer.

Home is where the heart is, and when you buy local, it's also where the money is!

WANT TO BE LISTED IN THIS GUIDE?

Welcome to the LIBA directory of local businesses in the Louisville area. You are looking at a group of highly supportive and collaborative businesses. We, the Louisville Independent Business Alliance, support local and boost local businesses actively together.

As the co-founder and CEO of many small businesses such as the Louisville Beauty Academy, Louisville Institute of Technology, salon chains (USA Nails, US Nails, Bardstown Road Nails, iNails and others), plus real estate investment companies, I am a proud member of LIBA. We thrive together and we rise together as a community.

- Di Tran, your proud LIBA board member

GORSKI LAW OFFICE, PSC

Federal COVID relief program included in the CARES Act.

Employee Retention Tax Credit

WORTH UP TO \$26,000 PER W2 EMPLOYEE!

The Employee Retention Tax Credit (ERTC) program is one of the most misunderstood elements of the pandemic relief package passed by Congress. **Your business is likely eligible and should immediately explore the ERTC before funds run out.**

HOW MUCH IS THE ERTC WORTH TO MY BUSINESS?

The ERTC can be worth up to \$26,000 per W2 employee in your business. ERTC funds are NOT a loan and do NOT have to be repaid. There are no stipulations on how a business may use ERTC funds once received. Though labeled a "tax credit" the ERTC is distributed to the business as a direct payment from the IRS.

HOW DO I QUALIFY FOR THE ERTC?

The ERTC is a federal stimulus program designed for businesses that operated during the pandemic and maintained W2 employees. A business may qualify for the ERTC by showing EITHER a requisite drop in gross revenues OR a "greater than nominal impact" due to government mandates and restrictions. A business may receive BOTH the ERTC and PPP funds.

HOW DO I APPLY FOR AND COLLECT THE ERTC?

A detailed analysis of your business will be conducted by tax attorneys specializing in the ERTC. Application documents will be prepared and filed with the IRS. The IRS will take approximately 6-8 months to process your ERTC claim and will mail your credit checks directly to your business.

Begin your ERTC claim today at ertc.bluegrasslawyers.com

Or contact attorney Jeff Gorski at 502-586-3680 jgorskilaw@aol.com

Celebrating 25 Years of Keeping It Local

Door Store and Windows has been a part of the Louisville business family for 25 years. The company specializes in providing quality windows and doors to homeowners, builders and remodelers. They want to be sure that their customers have products to enhance a home's beauty - but also help improve its value - while reducing energy and maintenance costs for many years to come.

Ann Gregory founded Door Store and Windows and was later joined by her sister Laurie Scarborough as co-owner. Laurie came to Door Store and Windows after spending time in another family business that fabricated entry door systems.

Both Gregory and Scarborough have business degrees in accounting. Scarborough studied at the University of Kentucky and pursued her CPA. She worked with Humana where she held managerial positions in the tax department, finance, treasury and investor relations. After 13 years, she decided working with family was a better fit. Gregory studied at Indiana University Southeast. She also worked in public accounting and at Humana in the finance department as Assistant Treasurer. In 1997, family and other investors recruited her to form Door Store. As a founding owner,

she felt she'd found her true calling as a sales professional of doors and windows.

Since 2006, when Scarborough joined her in the business, Door Store and Windows has continued its journey as an important local enterprise. Local businesses help sustain a vibrant and flourishing community. Door Store and Windows is proud to help boost the local economy, create well-paying jobs and provide quality products and services to local area residents and builders.

"We feel that our associates and products are the best in the industry," said Laurie Scarborough. "Though we are local, we are known nationally for the quality of our work and the level of service we provide. We think of our customers as our friends and neighbors, so we work tirelessly to deliver a remarkable experience and ensure their complete satisfaction."

Door Store and Windows is proud to be a part of the Louisville Independent Business Alliance, as they continue their mission to grow a vibrant local business ecosystem in the city.
